Reason for Design

- Make it fun and easy for people to navigate
- Dark coloring to give the person a sense of being in the game its a website but make them feel like there still in the world of dark souls 3
- The you will die in the middle of the nav bar is a stylistic choice and both to prepare players for the tough but amazing journey there about to embark on and they will be seeing those word ALOT TRUST ME
- Add captivating photo to catch the player show them what awaits them from bosses to spells to cool and crazy Armor setups
- Text is clear and lets the user enjoy the info while also seeing the background

Website Functions:

-
- To teach player the basic and help them improve on there skill and knowledge on spells weapons and items
 - Helps them learn to beat bosses and how to exploit their weakness to make fight easier but still experience the full battle
